

INDEX TO AUTHORS AND SUBJECTS.

VOL. XXXIV.

-
- Abscess, Extradural, "at a Distance" (Chavasse), 340
 Accessory Cavities, Ocular Complications in Diseases of the (F. Alexander), 532; Report on Diseases of the, 60, 161, 352, 454
 Acoumetric Formula, Selection of a Simple (Politzer, Gradenigo, and Delsaux), 328
 ADAMS, Sinus Thrombosis, 227
 Adenoid Cachexia, Blood Examinations and Cyclic Albuminuria in the (Takabatake), 37
 ALBRECHT, Prognosis in Early Otitis Media Acuta, 522
 ALDERTON, Does Concussion in Mastoid Operation Excite Leptomeningitis? 130; Proper Cleansing of Suppurating Ear, 319
 ALEXANDER, F., Ocular Complications in Diseases of Accessory Cavities, 532
 Anatomy and Physiology, Reports on, 132, 234, 423, 549
 Attic, Conservative Treatment of Suppurations in the (Haug), 531
 Auricle, Bilaterally Deformed (P. Fridenberg), 322; Deformity of the, after Perichondritis Following the Radical Operation (Haskin), 538; Ossification of (G. B. McAuliffe), 323
 BACON, G., New Model for Teaching Otology, 208, 309; Otitis Media Acuta with Mastoiditis and Meningitis Due to Diplococcus Intracellularis, 191, 209
 Basel, Oto-Laryngological Clinic at (Siebenmann and Oppikofer, E.), 287
 BERENS, T. P., Mastoid Symptoms after Injury, 233; Skin-Grafting, 40
 Bier's Congestive Hyperæmia, 526
 BLAU, A., Abscess of Temporal Lobe, 509; Experimental Closure of Round Window, 525
 BLOCH, New Method of Testing the Hearing, 523
 Book Notices, 172, 584
 BOURGEOIS, Bulbar Disturbances of Equilibrium, 334
 Brain, Abscess of Temporal Lobe of the (A. Blau), 509; Gangrene of Hernia of the (C. J. Kipp), 349; Hernia of (Dench), 350; Hernia of the, Relieved by Contractile Colloidion (E. Gruening), 349; Meninges, and Cerebral Sinuses, Statistics of Otitic Diseases of (Takabatake), 32
 BRAISLIN, W. C., Anatomical Anomalies Encountered during Mastoid Operations, 180: Mastoiditis in an Infant, with Sequestrum, Removal, Recovery, 177

- BRANDEGEE, W. P., Abnormal Development of Zygomatic Cells, 128; Case of Double Mastoiditis, Involvement of Zygomatic Cells, 367; Pocket Ear-Case, 226, 314
- BRIEGER, v. STEIN, and DUNDAS GRANT, Labyrinthine Suppuration, 335
- BRUNZLOFF, Position of Manubrium in Normal *Mt*, 506
- BRYANT, W. S., Anatomy of Child's Ear, 80, 116; Apparatus for Quantitative Test of Hearing, 51; Deaf-mutism after Ptomaine Poisoning, 231; Illusions and Hallucinations, 231; Unusual Position of Lateral Sinus, 226; Wood-Carver's Gouge, 227
- Cerebellum, Abscess of, and Sinus Thrombosis (Voss), 507
- Cerebrotomy, External (G. B. McAuliffe), 323
- Child, Anatomy of Ear of (W. S. Bryant), 80, 116
- Childhood, Operative Treatment of Diseases of the Ear in (E. B. Dench), 102, 116
- Children, Otitis Media in (A. Jacobi), 90, 116
- Cholesteatoma (Sheppard), 349, (M. Toeplitz), 349; Curettage of, Followed by Facial Paralysis (May), 349; with Stenosis of Meatus and Destruction of Temporal Bone (M. P. Lederman), 213
- COAKLEY, C. G., Streptococcic Otitis Media, Death, 321; "Manual of Diseases of Nose and Throat," Review of, 584
- COFFIN, L. A., Absence of Both Auditory Meatus, 50
- Deaf-Mutes, Instruction of (Passow), 515
- Deafmutism, after Ptomaine Poisoning (W. S. Bryant), 231; Microscopic Changes in (Lindt), 529; Reports on, 141, 242, 436, 556
- Deafness, Case of Obscure (J. E. Sheppard), 314; Labyrinthine, Progressive (Manasse), 524; Migraine and Psychic Element in (Escat, Boulay, and Marc-Hadour), 334
- Demonstrations of Specimens, 339
- DENCH, E. B., Operative Treatment of Diseases of the Ear in Childhood, 102, 116; Radical Operation in Middle-Ear Suppuration, 15
- DENKER, What Aural Elements can be Neglected in Learning Human Speech? 517; "Die Otorosclerose," Review of, 585
- DENNERT, Acoustic and Physiological Experiments, 518
- DIXON, G. S., Panotitis Resulting in Meningitis, 479, 534
- DUEL, Epidural Abscess in Otitis Media Purulenta, 41
- EAGLETON, W. P., Infective Arthritis, Complicating Otitis Media, 483; Sinus Thrombosis, with Infective Arthritis of Both Hips, with Spontaneous Dislocations, 210
- Ear, Acoustic and Physiological Experiments on the (Dennert), 518; Anatomy of, in Diseases of Vascular System (G. Alexander), 528; Surgery of, in Relation to Vertebral Column and Base of Skull (G. Laurens), 327
- Encephaloscope (F. Whiting), 203
- Epilepsy, Auricular (Poli), 346
- Epistaxis, Adrenalin Internally in, 59
- Equilibrium, Bulbar Disturbances of (Bourgeois), 334; Examination of Sense of (Panse), 529
- Erysipelas (E. Gruening), 231
- ESCHWEILER, Pathology of Empyema of Frontal Sinus, 530
- Eustachian Tube, Electrolysis in Stenosis of the (F. T. Hopkins), 495, 529; Passing of Bougies into the (Koenig), 348
- Examination and Treatment, Reports on, 240, 432, 554

- External Ear, Reports on Diseases of the, 142, 243, 437, 557
- Eye, Diseases of, Cured by Operations upon Maxillary Sinus, 60
- FRIEDRICH, "Die Eiterungen des Ohrlabyrinths," Review of, 586
- Frontal Sinus, Pathology of Empyema of (Eschweiler), 530
- General Literature, Reports on, 236, 428, 550
- General Pathology, Reports on, 136, 238, 551
- German Otological Society, Report of Fourteenth Annual Meeting of, 512
- GIFFORD, H., Disadvantages of Dry Gauze Dressing after Operation for Septic Thrombosis of Lateral Sinus, 304
- GRUENING, E. Cure of Otitic Brain Abscess, 322; Double Mastoiditis, 43; Erysipelas, 231; Hernia of Brain Relieved by Contractile Collodion, 349; Primary Skin-Grafting after the Radical Operation, 546; Sinus Phlebitis without Symptoms, 42
- GRUNERT, K., "Die Operative Ausräumung des Bulbus Venæ Jugularis," Notice of, 172; Obituary Notice of, 587
- GUYE, A. A. G., Obituary Notice of, 174
- HARLAND, W. B. G., Secondary Anæsthesia-Hemiplegia as Complication of Mastoid Operation, 370
- HARTMANN, The Deaf in the Schools, 512
- HASKIN, W. H., Deafness Following Meningitis, 313; Fistula after Mastoid Operation, 126; Sequestra Removed in Radical Operation, 537; Deformity of Auricle from Perichondritis after a Radical Operation, 538
- Hearing, Apparatus for Testing Quantitative (W. S. Bryant), 51; New Method of Testing the (Bloch), 523; Objective Measurements of (Ostmann), 267 (Panse), 333
- Herpes Zoster, Deafness in (Lannoix), 334
- HEINE, Treatment of Otitis Acuta, with "Congestive Hyperæmia," 526
- HENRICI, Primary Mastoid Tuberculosis, 527
- HITZ, H. B., Double Mastoiditis, Complicated with Intercommunicating Suboccipital Abscess, 489
- HOFFMANN, Bilateral Otitic Pyæmia, 529
- HOPKINS, F. T., Electrolysis in Chronic Eustachian Stenosis, 495, 539
- HORLBECK, H., Double Mastoiditis with Diphtheritic Exudation, 28
- HURD, L. M., Primary Tuberculosis of Middle Ear, 311
- Hydrogen Peroxide, Disadvantages of (Bruder), 347
- Illusions and Hallucinations (W. S. Bryant), 231
- Infants, Pathology of the Ear of, Underlying Aural and General Disease (J. A. Kenefick), 84, 116
- JACOBI, A., Otitis Media in Children, 90, 116
- JACOBSON, L., Obituary Notice of, 175
- Jugular Bulb, Dangers in Curetting, (J. D. Richards), 324
- Jugular Vein, Hemorrhage from, with Facial Paralysis (Castex), 342
- KENEFICK, J. A., Pathology of Infant's Ear Underlying Aural and General Disease, 84, 116
- KIPP, C. J., Gangrene of Hernia of the Brain, 349
- KNAPP, A., Labyrinthine Vertigo Cured by Operation, 131
- KNAPP, H., SCHMIEGELOW, and BOTTY, Otitic Brain Abscess, 343

- KRETSCHMANN, Associated Vibrations of Solids and Fluids, 519
- Labyrinth, Blood-Vessels in the, of Sheep and Calves (G. E. Shambaugh), 71; Communications between the Blood-Vessels of the Membranous, and Endosteum, and those in the Bony Capsule (G. E. Shambaugh), 469; Suppuration of, Discussion on (Brieger, v. Stein, and Grant), 335
- Lateral Sinus, Disadvantages of Dry Gauze Dressing after Operation for Septic Thrombosis of (H. Gifford), 304; Thrombosis (R. Lewis, Jr.), 11; Unusual Position of (W. S. Bryant), 226
- LEDERMAN, M. D., Cholesteatoma with Stenosis of Meatus, Destruction of Temporal Bone, 213
- Legal Cases, Otitic (M. Toeplitz), 46
- LERMOYEZ and BELLIN, Surgery of Otitic Meningitis, 341
- LEWIS, R., Jr., Lateral Sinus Thrombosis, 11; Temporo-Sphenoidal Abscess, 7, 48
- MANASSE, Labyrinthine Progressive Deafness, 534
- Mastoid, Anatomical Anomalies Encountered during Operation upon the (W. C. Braislin), 180; Diseases of the (Opdyke), 215; Fistula after Operation on the (Haskin), 125; Five Hundred Operations on the (Moure and Brindel), 346; Indications for Opening the (Heimann), 326; Infection of Wound for Operation on, with Diphtheria (E. Gruening), 350, (May), 350; Operation on, with Sinus Thrombosis, Ligation of Jugular, Recovery (J. F. McKernon), 298, 323; Primary Tuberculosis of, in Children (Henrici), 527; Secondary Anaesthesia-Hemiplegia as Complication of Operation on (W. B. G. Harland), 370; Surface Glands of, Simulating Mastoiditis (J. F. McKernon), 312
- Mastoiditis (S. McCullagh), 323; after Traumatism (T. P. Berens), 233; Double (E. Gruening), 43; Double, Complicated with Intercommunicating Suboccipital Abscess (H. B. Hitz), 489; Double with Diphtheritic Exudation (H. Horlbeck), 28; Double, with Involvement of Zygomatic Cells (W. P. Brandegee), 367; Removal of Sequestrum in an Infant, Recovery (W. C. Braislin), 177; Various Infections Following Operations for (Gruening, Phillips, Sheppard), 351; with Atresia of Meatus (Mahu), 342.
- Mastoid Operation, Does the Concussion in, Cause Leptomeningitis? (Alderton), 130
- MCAULIFFE, Double Radical Operation, 309
- MCCULLAGH, Thiosinamin in Tinnitus, 212
- MCKERNON, J. F., Discharge of Cerebro-Spinal Fluid from Meatus, 350; Mastoidectomy, Sinus Thrombosis, Ligation of Jugular, Recovery, 298, 323; Sequestra Involving Facial and Semicircular Canal, Removed by Radical Operation, 535; Sinus Thrombosis with Jugular Involvement, 228; Surface Mastoid Glands Simulating Mastoiditis, 312
- Meatus, Absence of Both Auditory (L. A. Coffin), 50; Discharge of Cerebro-Spinal Fluid from the (McKernon), 350; Prevention of Atresia of, after Radical Operation (Botey), 342; Traumatic Atresia of the (Rudolfy), 505
- Meatus and Eustachian Tubes, Unusually Large (R. J. Held), 207
- Membrana Tympani, Position of Manubrium in Normal (Brunzloff), 506

- Ménière's Symptoms (P. D. Kerison), 324
- Meningitis, Deafness Following (Haskin), 313
- Middle Ear, Primary Tuberculosis of (L. M. Hurd), 311; Reports on Diseases of the, 143, 245, 437, 558
- Middle Ear and Mastoid, Cholesteatoma of (M. Toeplitz), 533
- Miscellaneous Papers by Title Only, Mostly at Bordeaux Congress. *See* Report of, 325, 342, 343
- MOURE and BRINDEL, Five Hundred Mastoid Operations, 346
- MUELLER, R., Tropical Affection of the Ears, 502
- Nervous Apparatus, Reports on Diseases of the, 54, 153, 253, 448
- New York Academy of Medicine, Reports of Proceedings of Otological Section of the, 48, 116, 203, 309, 533
- New York Otological Society, Reports of Proceedings of the, 40, 125, 226, 349
- Nose and Naso-Pharynx, Reports on Diseases of the, 55, 158, 255, 360, 449, 461
- Obituary Notices (Guye), 174, (Jacobson), 175, (Grunert), 587
- OPDYKE, Mastoid Disease, 215
- OSTMANN, Disturbances of Hearing in Otitis Media Acuta, 275; Objective Measurement of Hearing, 267
- Otitic Brain Abscess, Cure of (E. Gruening), 322; Discussion on, 344; Operations and After-Treatment of (H. Knapp, Schmiegelow, and Botey), 343
- Otitic Brain Disease, Paralysis of Abducens in (Gradenigo), 344; Reports Concerning, 146, 248, 442
- Otitic Meningitis, Surgery of (Lermoyez and Bellin), 341
- Otitic Pyæmia, Bilateral (Hoffmann), 529
- Otitis Media Acuta, Development of Pneumonia in (Whiting), 125; Disturbances of Hearing in (Ostmann), 275; Infective Arthritis, Complicating (W. P. Eagleton), 483; Mooted Points in Treatment of Complications of (A. Wiener), 180, 221; Prognosis in Early (Albrecht), 522; Statistics of (Scheibe), 522; Treatment of, with "Congestive Hyperæmia" (Heine), 526; with Mastoiditis and Meningitis due to Diplococcus Intracellularis (G. Bacon), 191, 209
- Otitis Media Purulenta, Epidural Abscess in (Duel), 41; Labyrinthine Alterations in (Politzer), 523; Proper Cleansing in (H. A. Alderton), 319; Radical Operation in (E. B. Dench), 15; Streptococcus, Death (C. G. Coakley), 321
- Otitis Purulenta Chronica, Reports on, 247, 441, 563
- Otological Congress at Bordeaux, Report of, 325
- Otology, Necessity of Study of, in Universities (Gradenigo), 325 (Politzer), 325; New Model for Teaching (G. Bacon), 208, 309; Reports on the Progress of, 54, 133, 234, 352, 423, 549
- Otosclerosis (Moeller), 326
- Panotitis, Case of, Resulting in Meningitis (G. S. Dixon), 479
- PANSE, Examination of Sense of Equilibrium, 529
- PASSOW, Instruction of Deaf-Mutes, 515; "Die Verletzungen d. Gehörorgans," Review of, 585
- Petrous Cells (Mouret), 327
- PHILLIPS, W. C., Ossiculectomy in Tinnitus, 47; Radical Operation and Facial-Nerve Anastomosis, 128
- POLI, Auricular Epilepsy, 346
- POLITZER, Alterations in Labyrinth in Otitis Purulenta, 523
- POLITZER, GRADENIGO, and DELSAUX, Acoumetric Formula, 328

- Radical Operation, Deformity of Auricle after the (Haskin), 538 ; Facial-Nerve Anastomosis in (W. C. Phillips), 128 ; Primary Skin-Grafting after the (E. Gruening), 546
- RICHARDS, J. D., Dangers in Curetting the Jugular Bulb, 324 ; Infected Sigmoid Sinus and Jugular Thrombosis, Leptomenigitis, Lumbar Puncture, Death, 198, 218 ; Operative Treatment of Infective Sigmoid Sinus Thrombosis, 378
- Round Window, Experimental Closure of (Blau), 525
- RUDOLFY, Traumatic Atresia of Meatus, 504
- Schools, The Deaf in the (K. Hartmann), 512
- SCHOENEMANN, Form of Temporal Bone and Configuration of the Tympanum, 521
- Septum, Diseases of the Nasal, Reports on, 62, 159, 259, 452
- Sequestra, Involving Facial and Semi-circular Canal, Removal of (J. F. McKernon), 535, (Haskin, W. H. Haskin), 537
- SHAMBAUGH, G. E., Blood-Vessels in Labyrinth of Sheep and Calf, 71 ; Communications between the Blood-Vessels in the Membranous Labyrinth and Endosteum, and those in the Bony Capsule of the Labyrinth, 469
- SHEPPARD, J. E., Obscure Deafness, 314
- SIEBENMANN and OPIKOFE, E., Otolaryngological Clinic at Basel, Report of, 287
- Sigmoid Sinus, Very Thin Bone between the, and Meatus (W. S. Bryant), 324
- Sigmoid-Sinus Thrombosis, Operative Treatment of Infective (J. D. Richards), 378
- Sinus Phlebitis without Symptoms (E. Gruening), 42
- Sinus Thrombosis (Adams), 227 ; (McKernon), 229 ; Infective, Complicated with Meningitis, Lumbar Puncture (J. D. Richards), 198, 218 ; with Infective Arthritis and Spontaneous Dislocations of Both Hips (W. P. Eagleton), 210
- Skin-Grafting (T. P. Berens), 40
- Soft Palate, Pharyngeal, and Buccal Cavities, Reports on Diseases of the, 66, 169, 361, 463
- Solids and Fluids, Associated Vibrations of (Kretschmann), 519
- Specimens, Exhibition of (Manasse), 532
- Speech, What Aural Elements can be Neglected in Learning Human ? (Denker), 517
- Suprameatal Spine, Constancy of (Yearsley), 326
- STEPHENS, F. M., Temporo-Sphenoidal Abscess, with Streptococcus Invasion, 1, 48
- Syringe for Tympanum (Haskin), 128
- TAKABATAKE, Blood Examinations and Cyclic Albuminuria in the Adenoid Cachexia, 37 ; Statistics of Otitic Diseases of the Brain, Meninges, and Sinuses, 32
- Temporal Bone and Tympanum, Relations between Configurations of the (Schoenemann), 521
- Temporo-Sphenoidal Abscess, with Streptococcus Invasion (R. Lewis, Jr.), 7, 48, (F. M. Stephens), 1
- Tinnitus, Ossiculectomy in (W. C. Phillips), 47 ; Thiosinamin in (S. McCullagh), 212
- Tobacco, Influence of, on the Hearing (Delie), 334
- TOEPLITZ, Cholesteatoma of Middle Ear and Mastoid, 533 ; Otitic Legal Cases, 46
- Tropics, Affection of Ears in the (R. Mueller), 502
- Tympanum, Caries of Middle Wall of (Krebs), 531

- Vertigo, Cure of Labyrinthine, by
Operation (A. Knapp), 131
- Voss, Cerebellar Abscess and Sinus
Thrombosis, 507
- Whisper and Tuning-Forks, Hearing
for (Quix), 333
- WHITING, F., Encephaloscope, 203 ;
Development of Pneumonia in Otitis
Acuta, 125 ; " The Modern Mas-
toid Operation," Notice of, 172
- WIENER, A., Mooted Points in Treat-
ment of Protracted Middle-Ear
Diseases and Complications, 183,
221
- Zygoma, Abnormal Development of
Cells of (Brandegge), 128
